M. UNITA.

How to join a Team

1. Download the app.

If you are not already a Monta user, you can simply scan the QR-code below and easily download the Monta App for iOS or Android.

/company/montaapp

2. Create your account.

You can create your account either via social logins (Apple account, Google account or Microsoft account) or with your phone number and a validation code.

/Montadotcom

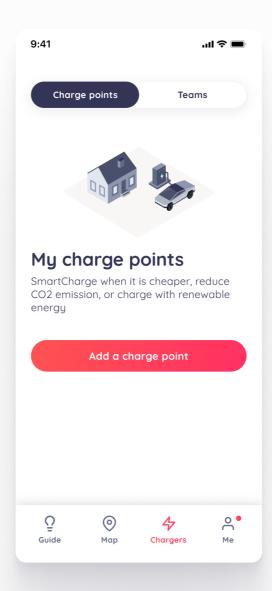

/company/montaapp

3. Go to Chargers.

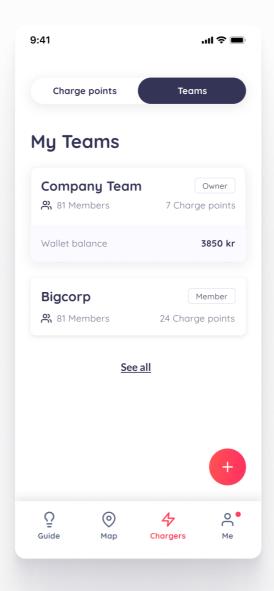

In the menu bar in the bottom of the screen you should go to Chargers. In the menu you should click the + next to the team menu and select Join team.

4. Enter join code and your info.

Now you will enter the join code you've received from the team administrator, and fill in your information. Your information will help the team administrator identify who you are in order to approve your join request.

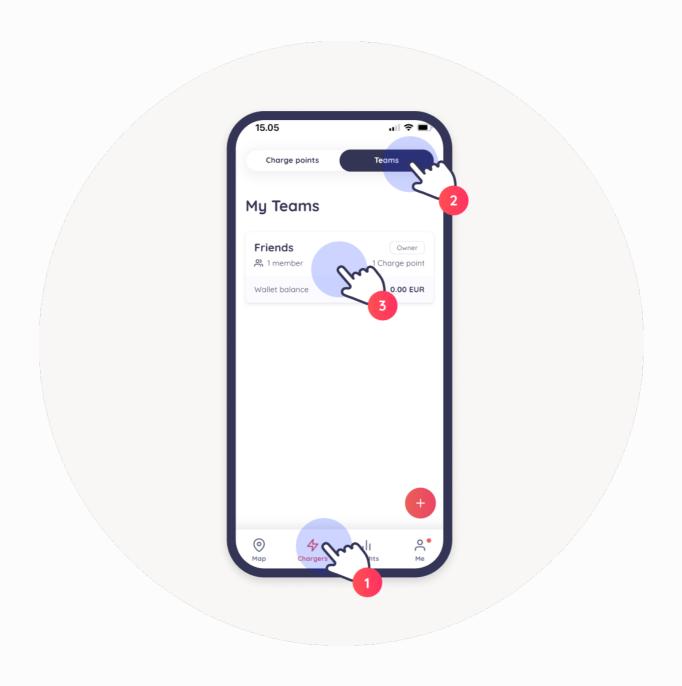

How to start a charge with a Team charge point

1. Navigate to "Chargers" and find the Team

In the Monta app, click on the tab "Chargers". Then select the section "Teams". There, you can see the Teams, you are a part of. Click on the Team to open it and see the charge points there.

/Montadotcom

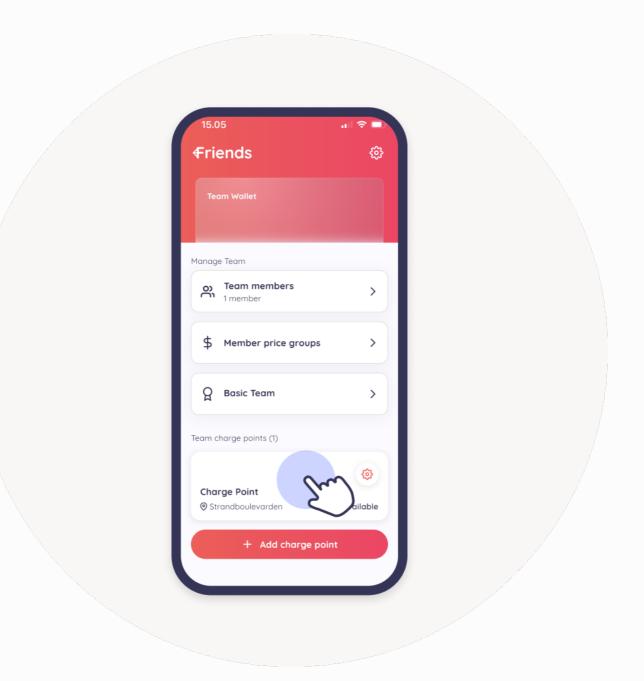

/company/montaapp

2. Find and open the charge point

Scroll down until you see the charge point you want to use and click on it.

/Montadotcom

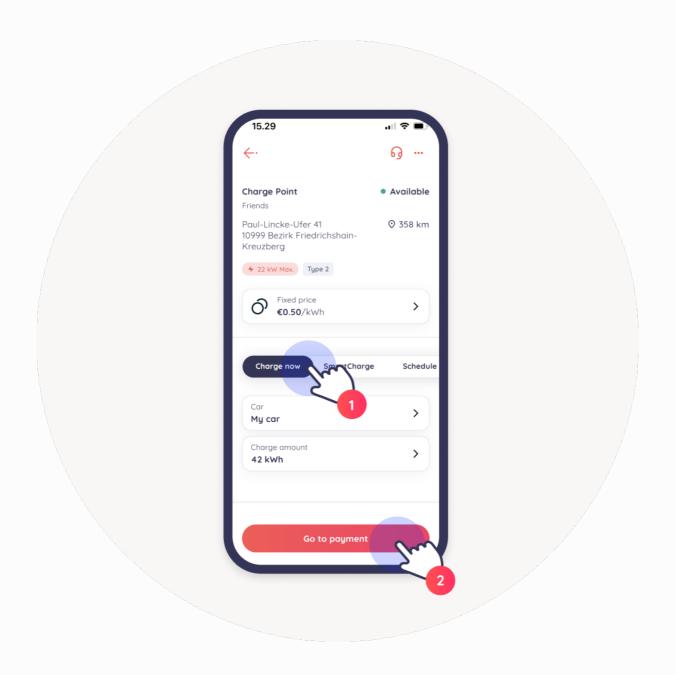

/company/montaapp

3. Adjust the charging session settings

Select the type of charge you want to perform and adjust the settings on the screen.

/Montadotcom

/company/montaapp

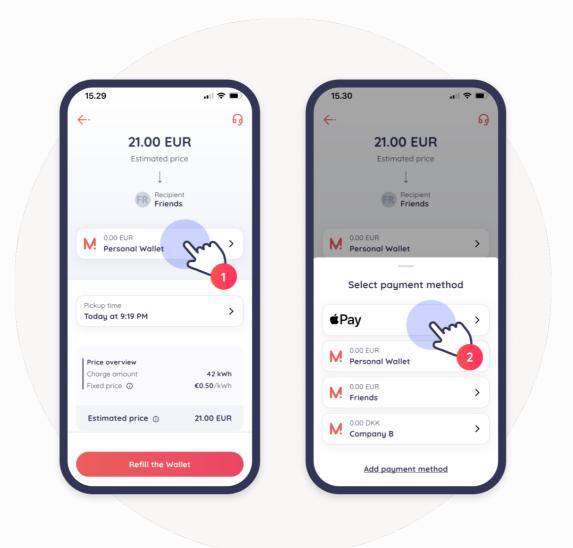

4. Adjust payment method

Here, you can see everything about the payment of the charge you are about to perform.

Wallet

Here, you can need to choose how you are going to pay for this charging session. Click on "Wallet" to see your options for payment.

If you do not have enough funds, or you have not chosen a payment method before, you will see that you have to "Refill the Wallet". If you see this bar, click on it and follow the steps to add your payment method and/or funds.

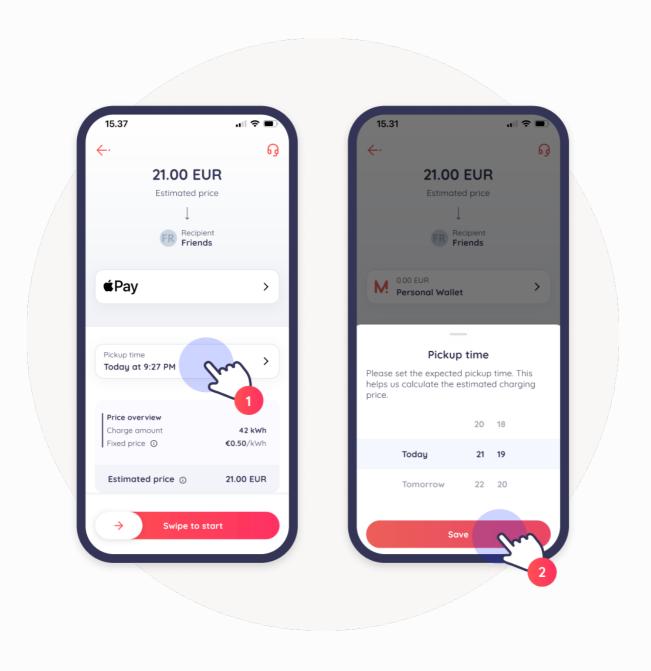

Pickup Time

Set the time when you would like to pick up your car.

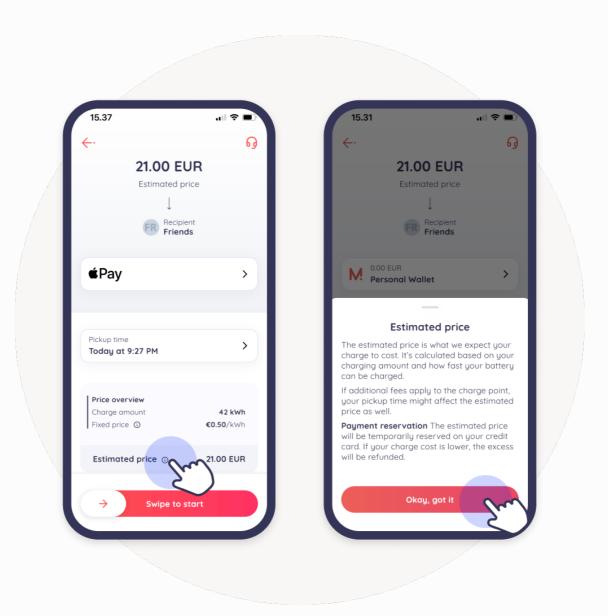

See estimated price

If you want to see how we estimate the price of the charge, you can click on the small information icon, next to "Estimated price". Afterwards, just click on "Okay, got it", to close the pop up window.

/Montadotcom

/company/montaapp

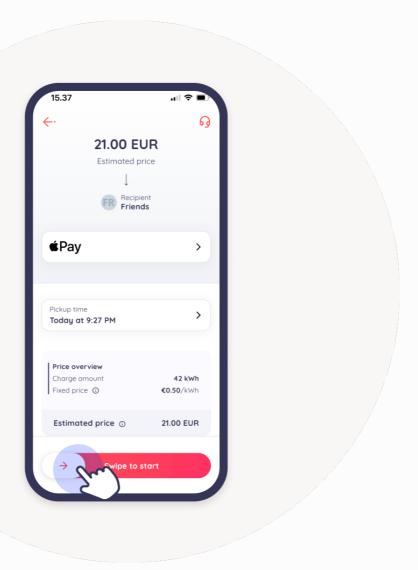

5. Start charging

Once you have the funds to pay for the charge or are ready other payment methods, you will see the estimated price, amount and time. Please note, you will pay for the exact amount that you've charged for.

Review these charge details carefully before you start charging:

- Price of charging session
- Amount of kWh to charge
- Pick up time
- Swipe to start charging!
